Mobile Bread Ovens

Refractory core holds heat for 5-6 loads

Minimum 6" insulation all around

Low vault for even baking

Custom hardware effectively seals baking chamber for heat and steam retention

Steel harness around vault

Minimum 4 hrs firing & 4 hrs saturating

Optional 4' wide doors set up for loader

Standard Model:

4' x 6.5' hearth
24" wide door
5.5" hearth
4.5" vault
16" vault height
5-6 loads/fire
25-40 loaves/load
125lbs wood/fire
Complete oven: $24,000

"The oven is working perfectly. It is particularly effective with steam retention... after saturation the temperatures throughout the bake chamber are very even, no hot or cold spots, just dead on, everywhere."
-Michael Matson, Ancestor Bakery, TN

Mobile oven with 4' wide doors

Mobile oven with 24" wide insulated door and spring-loaded baking door
